

CompactFlash® CFA™ 5.0

OUR ENGINEERING... YOUR PEACE OF MIND

Monster Digital's line of CompactFlash® cards are designed for the most discerning photo and video professionals. Built with a robust structure, our line of CF cards are engineered to survive the hit when a sideline photographer gets run over at the big game, continue to work flawlessly after falling in the pool at the wedding,

all at an industry leading speed to ensure your photos and videos will be captured in rapid succession. Combined with capacities of up to 64GB, Monster Digital CompactFlash meets the needs of the advanced photo and video professional, so you can rest assured that you'll always be able to capture the moment and keep it.
